

Aspera R5

IP67 certified. Tough, smart and agile. Quad core processor and dual sim.

ASPERA R5 offers the best of both worlds. IP67 certified it is both waterproof to 1m for 30 minutes and totally dust resistant. The truly ruggedised shock resistant outer body also includes toughened, scratch resistant glass. But thats not all. R5 packs a quad core processor, great for high speed browsing, high quality video/audio streaming and seamless handling of any task thrown at it.

R5 is not just a great solution for industry and trades. Active individuals who are tough on their mobile will enjoy the performance, styling and resilience of this phone. Complete with Android 4.2 OS, 8MP camera and a 2800mAh battery to get you through two days average usage, R5 has you covered for just about anything.
